

Yamaha Egli Vmax

Yamaha Egli Vmax

The 1987 Yamaha V-Max is renowned for its powerful 1,198cc V4 engine and distinctive design. This particular model has been expertly tuned by Fritz Egli, a celebrated Swiss motorcycle engineer known for his high-performance modifications. Egli's precise adjustments to the carburetors have resulted in increased power output, enhancing the bike's already impressive performance. Notably, this V-Max retains its original components, with the Egli tuning focusing solely on optimizing the carburetors for superior power delivery.

With 32,682 km on the odometer, this motorcycle is in excellent condition and comes with Swiss registration papers. It has been properly imported into the European Union, ensuring all documentation is in order for prospective buyers.

This 1987 Yamaha V-Max by Egli offers a rare opportunity to own a classic motorcycle that combines Yamaha's engineering excellence with Egli's performance enhancements. Whether you're a collector or an enthusiast seeking a unique and powerful ride, this V-Max stands out as a remarkable machine. Contact us today for more details or to arrange a viewing!
