Yamaha RTI 360 1971

Step back in time with this rare Yamaha RTI 360 from 1971.

With just 4605 kilometers and a deep black finish, this classic radiates character and authenticity.

The RTI was Yamaha's answer to the rugged offroad world: a 360cc single-cylinder two-stroke built for adventure, yet fully road legal. It's a machine that blends raw power with everyday usability.

As the bigger sibling of the 250cc DTI, the RTI was the most powerful in Yamaha's cross-country lineup and is known for its robust performance and reliability. This bike comes from Genderen and is ready to start a new chapter in 2025.

At VintageMotorcycles.nl, we believe in full transparency, every bike is sold in the condition it's in at the time of sale.

Some still wear their original tyres or brake lines, while others have already been updated. If you'd like additional work such as a service inspection, new tyres, or replacement brake lines, that's always possible at an extra cost. This way, you decide how original — or how ready — your next classic should be.
