## Yamaha TY 250 Trail

The Yamaha TY 250 Trail from 1974 is an icon for enthusiasts of classic trial machines. With only 1,659 kilometers on the clock, this bike is a rare find. Its striking yellow and white color scheme radiates pure 1970s charm, making it a true eye-catcher. The frame and engineering were designed for ultimate control and balance – exactly what you need for challenging trial riding.

The TY series was developed by Yamaha in the 1970s in collaboration with trial legend Mick Andrews. The goal? A lightweight, agile machine that inspires both beginners and experienced riders. This model is not just a piece of history; it's an opportunity to experience authentic riding as it was meant to be.

We sourced this bike directly from Germany, in beautiful original condition. For collectors and fans of classic off-road machines, this is a unique opportunity.

At VintageMotorcycles.nl, we believe in full transparency, every bike is sold in the condition it's in at the time of sale.

Some still wear their original tyres or brake lines, while others have already been updated. If you'd like additional work such as a service inspection, new tyres, or replacement brake lines, that's always possible at an extra cost. This way, you decide how original — or how ready — your next classic should be.
