## Yamaha XS2 650

Step back in time with this stunning **1972 Yamaha XS-2** – a true icon that changed the motorcycle world. With only **2665 kilometers** on the clock, this is an exceptionally rare find. Its original **orange paint** radiates character and authenticity, just as Yamaha intended.

The XS-2 was one of Yamaha's first big twin-cylinder models, celebrated for its reliability and smooth performance. This example comes directly from **Germany** and is in outstanding condition – perfect for collectors or enthusiasts who want to own a piece of history.

Our passion is classic bikes. We make sure every detail is right so you can enjoy pure nostalgia on two wheels.

At VintageMotorcycles.nl, we believe in full transparency, every bike is sold in the condition it's in at the time of sale.

Some still wear their original tyres or brake lines, while others have already been updated. If you'd like additional work such as a service inspection, new tyres, or replacement brake lines, that's always possible at an extra cost. This way, you decide how original — or how ready — your next classic should be.
