

Yamaha XT500

Yamaha XT500

The Yamaha XT500, introduced in 1976, quickly became one of the most legendary off-road motorcycles ever built. Designed as a lightweight and powerful dual-sport bike, the XT500 was an instant success, gaining recognition for its reliable 499cc single-cylinder four-stroke engine, rugged construction, and versatility on both paved roads and dirt trails. One of the biggest milestones in the XT500's history came with the Paris-Dakar Rally, where it dominated the first two editions in 1979 and 1980, proving its endurance and reliability in the harshest conditions. The XT500 set the standard for modern adventure motorcycles and became a cult favorite among riders worldwide.

This 1976 XT500 has only 14,373 km on the clock, comes with matching numbers, and is registered with German papers. It remains in excellent condition, preserving its original character and appeal as one of the most sought-after vintage enduro motorcycles. This 1976 Yamaha XT500 is a rare chance to own one of the most celebrated motorcycles in history. Whether you're looking for a vintage dual-sport to ride or a valuable collector's piece, this XT500 is an excellent investment. With matching numbers, low mileage, and German registration, it's ready for its next adventure.
